Teachers' Day Celebration-2016

STUDENT & TEACHER: THE NATION BUILDERS

The centuries old learning and new knowledge creating instincts by Socrates, Aristotle and others, followed by 16th century European Renaissance, the learning and knowledge creating abilities have been the backbone of modern civilization. To keep this wheel in continuation, students, being the backbone of the society, schools, colleges, universities, technical institutions, training and research institutions, UGC, DBT, DAE, AICTE, CSIR and DST, with thousands of schemes, including, NCL (National Chemical Laboratory), NPL (National Physical Laboratory), ICSSR, ICMR, IITs, IISc, IISERs, NIPERs, NISER, DRDO, AIIMS, IIMs, and many other professional academic and technical institutions have been established for learning cum knowledge creating platforms. In addition, national and international exchange programs in the institutions have been the catalysts for advance learning. It proves that learning, gaining and creating new knowledge have been the backbone of country's development where, the students and teachers both are vital components. Thus, if the students and teachers are enriched and encouraged then the country itself is enriched as this bond jointly offers the solution to every scientific and social problem through studies and research. Therefore, the celebration of student-teacher bonding on 5th September every year to commemorate the birthday of Dr. Sarvepalli Radhakrishnan seems worth. To honor the student-teacher bonding, the students of SCS have taken initiative to celebrate the Teacher's Day. Hope, this celebration will greatly inspire the students and teachers as learner and knowledge creator. The SCS takes cognizance for generous and wholehearted support of Prof. S. A. Bari, Hon'ble Vice-Chancellor, Central University of Gujarat for moving the wheel of student and teacher bond forward. Padmashree Prof. Dinesh Singh, former Vice-Chancellor, University of Delhi agreed to share his enormous and unique academic experiences in interest of promoting the essence of academic excellence through institutional growth, sparing his valuable time despite his busy schedule. The gesture of students and faculties for making this historic event a memorable one in the calendar of CUG is highly appreciable. For this excellently arranged and efficiently managed multitasking event, the students, staff and faculties have put up their sincere and best efforts. Hope the initiation of this teachers day celebration could further strengthen the student- teacher bonding.

Coordinated by Prof. Man Singh, SCS
